

Anecdotal studies have shown that Cannabidiol (CBD) can provide wellness benefits that expand far past its suggested mood-enhancement and relaxation properties. These benefits have been said to range from anti-inflammation, anti-anxiety and beyond. CBD-infused foods, coffees and cocktails provide users a delicious, creative and unique way to get your fix.

## Good Eats

The following award-winning creations are based upon several proprietary sauces and marinades with origins in lively Cajun, Pacific Rim, Caribbean, Mediterranean and South American cuisines: you will find these taste treats perfect for grazing or appetizer fare, each with its own sense of purpose for perfect contrast and compliment.

Dishes can be served straight-up, or with incorporated CBD \*CBD-infused: + \$3.00. Enjoy!

## Café

Faq: Record numbers of American's report suffering from the effects of general anxiety

CBD in coffee not only produces a distinct and unique blend, but has been said to alleviate jitters and reduce rapid heart rate increases that can often come along with caffeine consumption. Enjoy your much-needed coffee buzz and focus without disrupting your calm. CBD variants are infused with 15mg CBD.

We've gone to great lengths to provide the finest International Coffee experience.

We operate a Milano Rocket Espresso Machine with Eureka and Rocket Burr Grinders and

only proudly use Italy's favorite Coffee, "Lavazza Espresso Roast".

At least until we start roasting &. Packing our own CBD Roast coffee for you to enjoy at home.
